(Start of Belt #20)

I agree with you but if the western community college is going to get this, I want to be sure that the eastern and get there.

SENATOR MARVEL: All right then, the thing you had better do is to put an amendment on 582.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: Get hold of the man of the fiscal staff and puts into the proper form like this one is and offer it when we get to the end of this bill.

SENATOR PROUD: Well, that would be all right, but you have Senator Carpenter's amendment there right now, do you not?

PRESIDENT: That is correct.

SENATOR PROUD: All right, then all I want is the same thing for the eastern Nebraska technical community college in the amount of \$60,000. You can prepare that amendment right now and I'd like it to go right along with the Carpenter amendment, and I would so move to amend the Carpenter amendment to include that.

PRESIDENT: All right then, Senator Proud now is offering an amendment to the Carpenter amendment which would include the eastern Nebraska technical college. Is this technical district or college?

SENATOR PROUD: Community colleg. Thank-you. For how much money, Senator Proud, 60,000?

SENATOR PROUD: \$60,000; that was the original bill. They don't have any seed money to get started and that is the reason for it.

PRESIDENT: The motion before the body then is the amendment now to Senator Carpenter's motion, which would amend LB 582. Senator Nore, do you want to be heard on the issue? This is Senator Proud amendment only to Senator Carpenters.

SENATOR NORE: Mr. President, and members, I wonder probably if you are going to give it to two of them, why not give it to them all? What is wrong with that? What is the money for. I haven't found it. What line is it on?

PRESIDENT: Senator Carpenter, do you care to respond?

SENATOR CARPENTER: We are presuming Senator that everybody who has a technical school is concerned about their welfare and it would seem to me that you ought to be able to alert this thing a little bit ahead of time. Now, I have no objection personally and I don't know that the extent that if we do it, for three, we ought to do it for the number that are there. Now let me suggest to Senator Nore, that by the time we get through with this bill, why don't you find out, what you've included so far and if not, get an amendment, and those in a like position so we can treat everybody alike. That is what I'm in favor of.

PRESIDENT: All right, Senator Warner. We have the Proud amendment to the Carpenter amendment.

SENATOR WARNER: Mr. President, this may work out this way but, I think what, if I understand Senator Carpenters motion correctly, it would be assuming eight district for community
